## 1942 RETAIL EPIPHYLLUM\* CATALOG

R. W. POINDEXTER NURSERY

1000 North Temple Street - Compton, California

The ensuing list is a supplement of our 1941 catalog. Only complete descriptions of new plants not given in the 1941 catalog will be found here, marked with an asterisk (\*). We have given a brief flower description of previously listed plants but for more detailed descriptions of these, please refer to last year's catalog. We have only a few of the 1941 catalogs available but if you do not already have one, will send one at your request as long as the supply lasts.

### HOW TO REACH OUR NURSERY

We would like to have you visit the nursery this spring and see our collection in flower. To reach the nursery

FROM LOS ANGELES: South on any of the main North and South streets to Rosecrans Avenue. The nursery is one block east of Long Beach Blvd. on Rosecrans;

FROM PASADENA: South on Atlantic to Rosecrans Avenue. The nursery is located on Rosecrans about one-half mile west of Atlantic;

FROM LONG BEACH: North on American Avenue (Long Beach Boulevard) to Rosecrans Avenue. The nursery is located one block east of Long Beach Blvd. on Rosecrans.

### EXPLANATION OF SIZES

Rooted cuttings are about 6 inches long. These, of course, cannot be expected to bloom this year. Medium plants are well established, branched plants, many of which will bloom this season. It should be noted that there is considerable difference in this respect in the different varieties. Some bloom as young plants and others only when reasonably mature. Specimen plants are 2 feet or over, except for some of the dwarf basket types; all are well branched, mature plants which can be counted on to make a fine showing of bloom.

While plants can be shipped quite satisfactorily in bud, to flower after arrival, we suggest ordering for March delivery so that plants can become re-established before flowering.

### TERMS

Cash, money order or check with order. On orders for delivery within California, 3% sales tax must be added to price. All prices include packing and shipment by express or parcel post. We are not equipped to handle mail orders of less than \$1.00 minimum. This list supersedes and cancels all former lists and prices.

### OUR OWN NEW INTRODUCTIONS

DAY IN SPRING (Poindexter, 1942)--Distinctly marbled, 8" to 9", old rose, fragrant flower of cup and saucer shape. The plant is vigorous, grows lustily and blooms freely.

Rooted cutting..... \$1.00

\* Also known as PHYLLOCACTI. The Standard Names Committee of the Epiphyllum Society of America has ruled that only the name EPIPHYLLUM should be used.

IMP (Poindexter, 1942)--Basket type plant; both growth and shape of flowers are similar to the Empress varieties but the flowers are larger than Empress (Deutsche Kaiserin) and vivid crimson red. Rooted cutting..... \$1.00

PURPLE DELIGHT (Poindexter, 1942)--The general appearance of the 7" flower is violet purple. Outer petals dark purplish red, some curled back on themselves; inner petals violet purple with redder strip in center. Vigorous growth branching freely from the base, with an abundance of flowers. Rooted cutting..... \$1.00

### GENERAL PRICE LIST

The collection idea has proven very popular as it enables you to choose one or more groups of especially desirable varieties at a distinct price saving. Collections listed in the 1941 catalog are cancelled by collections offered on pages 5, 6, and 7 of this supplementary list.

	Rooted Cutting	Medium Plant	Specimen Plant
ACKERMANNII--Bright red.....	\$.25	\$1.00	\$4.00
A. D. HOUGHTON--Scarlet and violet.....	.35	1.50	4.00
ADONIS--Clear pink.....	.50	2.50	5.00
AGATHA (Syn. Peach Blow)--Pink with crimson center.....	.25	1.00	4.00
*AIDA--Bronze or tan-bronze with pale magenta eye. Fairly flat opening, 7" flower.....	.50	----	5.00
AMBER QUEEN--Red orange, amber at base.....	.25	1.25	4.00
ANTWERPIA--Large pink.....	.50	2.00	5.00
ARGUS--Shell pink with rose central eye.....	.50	2.00	5.00
BLANCO (Poindexter 1941)--White and pale amber.....	.75	----	----
BLAUE FLAMME--Dark maroon and violet.....	.75	2.50	5.00
BOHEMIENNE--Two-tone flower; salmon and flesh color.....	.40	2.00	4.00
*CAMILLO SCHNEIDER--Plant like Peacockii but much more vigorous, branching freely from base. 7" flowers of strong color, burnt orange copper with large magenta center and green eye.....	.40	----	5.00
*CE KA--Very good. Nearly solid violet, full petaled. Inner petals narrow, pointed; outer petals reflexed; diameter 7½" or more. Plant may be grown as large basket type....	.75	----	7.50
CONWAY'S GIANT--Crimson red shading to purple and violet...	.40	1.75	4.00
CORINNE (Syn. Coral)--Basket type; medium sized, pink flower.....	.35	1.00	4.00
DANTE--Orange red, large flower.....	.35	1.50	4.00
DELICIOSA--Basket type; clear pink flower.....	.35	----	5.00
DESERT SUNRISE (Syn. German #5)--Vigorous plant; red orange flower.....	.25	1.25	4.00
DEUTSCHE KAISERIN (Syns. Empress, German Empress, Kaiserin) --Basket type; small, pink, tubular flower, very profuse flowering.....	.25	----	----
EDEN (Poindexter)--Outer petals yellow, innermost white....	.50	1.75	5.00
ENCHANTRESS (Poindexter 1941)--Light burnt-orange apricot..	1.00	----	----
*ERLAUER KIND--The largest, fastest growing, and most vigorous plant we have. Ideal for a large trellis. Flower 6½", purple carmine. <u>UNROOTED CUTTINGS ONLY - 35¢</u>	----	----	7.50
FAIRYLAND--Violet magenta with bluish cast.....	.75	----	10.00
*FASAN--Attractive plant, stems spiraled and erect. A striking, striped, 8" flower; outer petals very deep maroon; next series orange bordered with red and red center; inner petals orange in center bordered with violet.....	.75	2.50	5.00
FIESTA (Steele)--Large, orange scarlet flower.....	.35	1.50	4.00
FLAMINGO (Steele)--Burnt orange with strong magenta shading in center; 9" flower.....	.35	1.50	4.00

	Rooted Cutting	Medium Plant	Specimen Plant
FLOR DEL SOL (Syn. Henna)--Burnt orange or henna; long flowering season.....	\$.35	\$----	\$5.00
FORTUNA (Steele)--Pink with carmine throat.....	.35	----	4.00
*FRAU HANNE LOHSE--Large flower, radiating, diameter 10"; outer petals reflexed to flat, nearly pure orange with salmon central stripe and old rose edge; strongly in- turned edges of inner petals are also frilled, deep salmon edged with violet.....	.75	3.00	7.50
*FRAU H. M. WEGENER--Flower 6 $\frac{1}{2}$ "; outer petals reflexed to flat, deep carmine and crimson; inner petals wide open trumpet shaped, nearly pure orchid with salmon central stripe.....	1.00	----	----
*FRAU ILSE HESS--Flower 7 $\frac{1}{2}$ ", wide opening and spreading, firm texture. Outer petals narrow, waxy, amber pink, re- flexed and incurved; inner petals satiny salmon flesh color, shaded light carmine toward center of flower. Color very variable, usually light and often a delicate shell pink.....	.75	----	6.00
FRAU JOHANNA ATTENHOFER (Knebel)--Intense lacquered red....	1.00	----	----
FRAU LIBERTA KNEBEL (Knebel)--Dark crimson and terra cotta.	.50	2.50	5.00
FRAU STANKE STOZIER (Knebel)--Dark red and violet.....	1.00	3.00	7.50
*FREIDRICH BOEDECKER--7 $\frac{1}{2}$ " flower of good shape and much lacquered. Outer petals slender, radiating, orange red; inner petals bowl shaped, orange, flushed red toward tips, blue carmine border toward base.....	.50	1.50	4.00
GARNET (Steele)--Garnet red.....	.35	2.00	4.00
GERMANIA (Knebel)--General effect is deep purple.....	.75	----	----
GLORIA--Large, copper color.....	.25	1.50	4.00
GYPSY GIRL (Poindexter 1941)--Flame and bronzy purple.....	1.00	5.00	10.00
HANS REHM (Knebel)--Red and violet, orange stripe.....	.35	1.50	4.00
HERMOSSISSIMUS--Scarlet, crimson and violet with narrow orange central stripe.....	.25	1.50	4.00
INNER GLOW--Basket type; apricot to coral red.....	.50	----	----
JENKINSONII--Flat opening, large, bright red.....	.50	2.00	5.00
*JORG SIEPKE--Very choice and distinct. White flowers over- laid with orchid on the ends of the petals. Outer petals are pale green. We have seen nothing like this most un- usual flower. Plant vigorous; strong, green, deeply crenate, wavy, stems.....	1.00	3.00	7.50
JOSEPH DE LAET (Syns. Rose de Laet, Jose de Laet, Tritone Orchid)--Outer petals scarlet, next scarlet and violet, inner petals orchid with central salmon stripe.....	.50	2.00	5.00
JULES SCHLUMBERGER--Red shading to violet; narrow, re- curved petals.....	.75	3.00	7.50
KINCHINJUNGA--Fragrant white.....	.25	1.50	----
LADY IRENE (Poindexter, 1940)--Pale flesh pink, crinkled petals.....	.50	2.00	5.00
LATONA--Deep pink to crimson.....	.35	1.50	4.00
LOHENGRIN (Steele)--Large, clear pink.....	.35	1.50	4.00
LUA VI (Poindexter, 1941)--Pink overcast with salmon, lavender edges.....	.75	5.00	10.00
*LUMINOSA (Monmonier)--Flower very full petaled, semi-quill- ed, 6" or larger. Outer petals orange red; inside petals edged with deep old rose blending gradually into orange red.....	.75	----	----
MADAM SALLIER--Dainty, light flesh pink.....	.50	2.00	4.00
MAJESTY--Pink with a lavender suffusion.....	.75	3.00	7.50
MANFRED VON RICHTOFEN (Knebel)--Small, funnel-shaped flow- er with frilled petals. General color effect is orchid..	.50	3.00	6.00

	<u>Rooted Cutting</u>	<u>Medium Plant</u>	<u>Specimen Plant</u>
MARIA VAN HOORDE--Extremely narrow petals, pink to lavender pink.....	\$1.00	\$----	\$7.50
MARSEILLAISE--Outer petals deep red; inner petals wide with a central stripe of deep red violet shading to lavender and edged in white.....	.50	3.00	6.00
*MARTHA SOELLNER--Flower 6"; outer petals salmon amber slightly lacquered; inner petals salmon pink, violet carmine toward base. This plant has the valuable characteristic of blooming off and on throughout the year.....	.35	2.00	4.00
MAUVETTE--Solid mauve or light magenta.....	.50	----	5.00
*MLLE VAN DE WIELLE--Vigorous plant. Very free flowering with 8", salmon pink flowers. Outer petals irregularly spreading, some reflexed; violet rose in innermost petals.	.50	----	5.00
MON CHERIE--Large, buff flower penciled with narrow red lines.....	.50	2.50	6.00
MONTEZUMA--Orange, pink and violet shading into each other.	.35	1.50	4.00
MOONRISE (Poindexter, 1940)--Outer petals amber; main petals white.....	.50	1.75	5.00
M. REVIERE--Outer petals orange red; inner petals have orange central stripe and broad carmine border.....	.75	----	6.00
MRS. A. D. HOUGHTON--Beautiful lavender pink.....	.75	----	----
NELLIE (Poindexter, 1941)--Pastel crimson, nearly white center.....	.50	3.00	6.00
NO. 123--Wide opening, broad petaled, pink flowers.....	.50	2.00	----
OBERST P. MAN KUHNRIICH (Knebel)--Maroon outer petals; next series bronzy salmon; innermost petals solid violet.....	.50	2.00	5.00
ORIOLE--Large, white flower with yellowish brown outer petals.....	.25	1.50	4.00
ORION--Chinese red, violet edging on inner petals.....	.35	1.50	4.00
PADRE (Syns. Alpha, Emaline)--Pale, waxy pink; blooms over a long season.....	.35	1.50	4.00
PAUL DE LONGPRE (Syn. Yellow Stripe)--Large; white with amber to yellow tips on inner petals.....	.50	2.50	4.00
PEACOCKII--Iridescent scarlet to carmine, magenta eye.....	.40	1.50	5.00
PFAU--Purple with lighter edges.....	.50	2.00	4.00
*PHYLLANTHOIDES GRANDIFLORUS--Flowers large and showy with clear and brilliant colors. Outer petals red; inner petals have narrow red central stripe bordered with brilliant violet. Center almost pure violet. This flower has as much violet as any we have seen.....	.75	3.00	6.00
*PINK CHARM (Monmonier)--Plant healthy and tall growing. Flower 5 $\frac{1}{2}$ " in diameter, wide open funnel shape. The color is shrimp pink, outer petals slightly darker the first day the flower is open, then it changes to a more lavender tinge.....	.50	2.50	5.00
PINK PEARL--Two-toned salmon and orchid pink.....	.50	2.50	5.00
PROFESSOR EBERT (Knebel)--Solid violet carmine.....	.35	1.50	4.00
ROSETTA (Syns. Rosette, John Morley)--Basket type. Deep rose flowers shaped like a rose bud.....	.35	2.00	4.00
ROSEUS SUPERBUS--7", pale silvery pink.....	.35	----	----
ROTKAPPCHEN (Little Red Riding Hood)--Dark red, crimson violet in throat.....	.50	2.50	5.00
SCARLET GIANT--Orange scarlet, carmine center.....	.25	1.25	4.00
SCHEHERAZADE (Syn. Magenta)--Large, uniform, clear magenta pink.....	.50	2.00	4.00
*STERN VON ERLAU (Knebel)--Flower 7 $\frac{1}{2}$ ", extremely lacquered. Outer petals radiating, orange in center shading to orange red on edges; inner petals with central stripe of the same color as the outer petals bordered with violet. Vigorous, fast growing plant.....	.75	3.00	6.00

	<u>Rooted Cutting</u>	<u>Medium Plant</u>	<u>Specimen Plant</u>
SUNBURST (Steele)--Terra cotta red with a central purple eye.....	\$.50	\$2.00	\$5.00
SUN GODDESS (Syns. Copper, Copper Color, Bronze, Hugh Evans, Large Bronze, Sun Fugitive)--10" to 11" flower; orange with dark violet eye.....	.75	2.50	6.00
THUNDER CLOUD (Poindexter, 1941)--Very dark red, almost purple.....	1.00	----	----
TOTO (Poindexter, 1941)--Light purple, free flowering.....	1.00	----	----
TULIP--Brilliant red; tulip shaped.....	.25	1.00	4.00
VIVE ROUGE--Brilliant scarlet; vigorous, free flowering plant.....	.25	1.00	----
VIVIANA (Steele)--Bright red; lasts well.....	.25	1.00	4.00
*WALTHER HAAGE, JR.--Vigorous plant. Flower 7", full petal- ed, strong red with paler central stripe; inner petals orange red with violet center; edges somewhat crinkled, sides and tips inturned.....	.75	----	7.50
WILLIAM DE LAET--Highly lacquered. Outer petals Chinese red; inner petals violet purple with red center stripe...	.50	2.50	5.00

#### SPECIES (WILD) EPIPHYLLUMS AND RELATED SPECIES

Although typically night flowering, the flowers of several species remain open several hours the next morning. Epiphyllum Anguliger stays open all the next day, and Epiphyllum Crenatum stays open several nights and days.

	<u>Rooted Cutting</u>	<u>Medium Plant</u>	<u>Specimen Plant</u>
EPIPHYLLUM ANGULIGER--Deeply notched stems; small, white flowers.....	\$.35	\$1.50	\$4.00
*E. CREMATUM--Fine, large, fragrant white with good lasting qualities (3 days or more). It has the largest flower of any of the wild species. The plant is vigorous with deeply lobed, light green stems.....	.35	2.50	4.00
E. GUATEMALENSIS--Broad stems; small, white flowers.	----	----	----
UNROOTED CUTTINGS ONLY - 75¢			
E. LATIFRONS--Similar to E. Oxypetalum			
E. OXYPETALUM--Flowers large, white, very fragrant with long, S-shaped, brown tube.....	.50	2.50	5.00
E. STRICTUM--Flowers freely. Long tube; numerous, very narrow petals. Pistil crimson.....	.35	1.00	5.00
HELIOCEREUS SPECIOSUS--Intense brilliant red shading to violet in center.....	.50	3.00	6.00

#### COLLECTION OFFERS

Because of savings on packing and shipping costs, we are able to send out collections at lower prices, and it will pay you to take advantage of these special offers. Collections must be ordered as listed without substitutions. All plants will be labeled. Order by collection number.

#### SURE FLOWER COLLECTION NO. 420

Three specimen plants shipped in bud and guaranteed to flower for you. These plants will be entirely different colors of our selection. By leaving the selection to us we can ship prime plants heavily budded that will flower soon after you receive them. This collection is only available from May 1 to July 1 as this is the height of the flowering season. ORDER NOW FOR LATER SHIPMENT.

3 specimen plants..... \$8.00

NOVELTY COLLECTION NOS. 421A, 421B, 421C

AGATHA, pink  
EDEN, white  
GLORIA, copper

HERMOSISSIMUS, multicolor  
PROFESSOR EBERT, violet carmine  
SCARLET GIANT, red

421A--6 rooted cuttings, total value.....	\$1.85	COLLECTION PRICE.....	\$1.50
421B--6 medium sized plants, total value..	\$8.50	COLLECTION PRICE.....	\$6.50
421C--6 specimen plants, total value.....	\$25.00	COLLECTION PRICE.....	\$18.50

WIDE RANGE COLLECTION NO. 422

ADONIS, clear pink  
ARGUS, pale shell pink  
CE KA, nearly solid violet  
FREIDRICH BOEDECKER, orange red  
JENKINSONII, bright red

SUNBURST, terra cotta red  
SUN GODDESS, burnt orange  
WILLIAM DE LAET, lacquered red and purple

6 medium sized plants, total value.....\$14.50

COLLECTION PRICE....\$12.00

YOUR CHOICE COLLECTION NO. 427

The packing and shipping of large size specimen plants is quite expensive. Since it does not cost us very much more to pack and ship three or more plants than one, we offer as a collection any three or more specimen plants from our general list at the total price less 20% discount. These will be of your own selection and will give you a chance to see the plants in bloom.

NOTE: To get this discount you must order by collection number

NOTE TO DEALERS: We issue a separate wholesale epiphyllum price list. We are among the largest growers in the country in the general cactus and succulent line, which we list and sell at wholesale exclusively. We shall be glad to furnish dealers with either of these wholesale lists on request.
